

1 **First Records**

2 Short notes, which do not exceed two printed pages (8,000 characters). They must include: a
3 localization map of the observations and/or capture, including the known distribution (maximum width:
4 8.5 cm); the main morphometric and meristic characters of the specimen(s) that allow the identification
5 of the specimen; a good photo of the specimen (colour or black & white print). The bibliography should
6 not exceed 10 references.
